Ex-Communists as Witnesses

Attorney General's Memorandum
of March 21, 1955

Under date of March 21, 1955, the Attorney General submitted a status report regarding the use of ex-Communists as witnesses. In this report the Attorney General issued instructions as to future steps to be taken by the various divisions of the Department.

The Attorney General's report contains a number of separate but interrelated topics. All of the pertinent topics are treated in this section of the brief. For purposes of clarity, the statements of the Attorney General are underlined and are followed by our observations.

The copy of the Attorney General's letter, itself, is carried as Exhibit I.

MATUSOW MATTERS

2.9. Item 1 (a) deals with employee security cases in which Matusow furnished information. The Attorney General states that if the FBI finds additional such employee security cases or similar cases other than employee cases, it will notify Internal Security Division of the Department.

By memorandum dated March 2, 1955, the Attorney General was furnished a list of thirty-one employee security cases found to contain information from Matusow. Copies of the list were also furnished to Messrs. Rogers and Tompkins and to the Records Administration Branch of the Department. In addition, each Government agency concerned was advised of the identity of the particular document containing Matusow's information and was advised of the temporary informant symbol given Matusow in those instances where his identity was concealed. Several additional cases have since been located and the Department and pertinent Government agencies have been advised. Should other cases containing information from Matusow be located, appropriate notification will be given the Department and any other Government agency concerned.

Likewise, in security and other similar cases, in each case wherein it has been determined that Matusow furnished information and was concealed by a T symbol or characterized as to reliability, we have advised the Records Administration Branch and other agencies to which the reports were disseminated.

Through file reviews in the regular course of business both in the field and at the Seat of Government there will, no doubt, be additional instances located wherein information from Matusow has been furnished to the Department and other Government agencies wherein Matusow is concealed by a T symbol or is characterized as to reliability. As these instances are located the Records Administration Branch of the Department and other pertinent Government agencies will be promptly advised under individual case captions. In each instance the Bureau document containing information from Matusow will be properly identified, the symbol number under which Matusow's name is concealed will be pointed out and the fact that he is considered of known unreliability will be set forth.

|| For all practical purposes, the Bureau has completed corrective action in the Matusow case.

A.G. Item 1 (b) deals with Immigration and Naturalization Service cases in which Harvey Matusow testified. The Attorney General memorandum states that since Matusow's testimony was corroborated and the defendant refused to testify, the case will not be reopened.

Closed now. H

A.G. Item 1 (c) (i) states that the report of Messrs. Tompkins and Lumbard on Matusow should cover disposition of court cases, Subversive Activities Control Board cases and employee security cases in which Matusow was involved, included recommended course for further steps.

On March 12, 1955, Judge Robert E. Thomason, Western District of Texas, denied the motion for a new trial in the non-Communist Labor Management Relations act case of ~~Clinton~~ Edward Jencks. This motion was based on Matusow's affidavit of January 20, 1955, repudiating his trial testimony. On March 16, 1955, Judge Thomason sentenced Matusow to three years for contempt of court for repudiating his trial testimony.

The hearing of testimony in the motion for a new trial in U.S. vs Flynn (second New York Smith Act trial) ended March 21, 1955. This motion was based on Matusow's affidavit of January 31, 1955, repudiating his testimony in that case. Briefs were filed with Judge Dimock, Southern District of New York on March 25, 1955. No decision has been given by Judge Dimock as yet.

Subversive Activities Control Board cases in which Matusow testified are discussed under item 1 (d) and employee security cases are covered above under item 1 (a).

ag Item 1(c)(ii) states that the report on Matusow should include "Evidence of Communist plot against the Department of Justice, or any part thereof, and of campaign against Government informants and witnesses, is disclosed by study of Matusow matters."

The Communist Party over the years has attempted to smear the Federal Bureau of Investigation wherever possible and since 1948 when the Government first proceeded against the top Communist leaders under the Smith Act, the Communist Party has openly referred to the Federal Bureau of Investigation as "the enemy."

The Communist Party has been notorious in its attacks against the use of "informers" and has waged a constant propaganda program against the use of Government informants referring to them as "stoolies," stool pigeons, informers, et cetera. Following the filing of the affidavits by Harvey Matusow, recanting his testimony in the Clinton Edward Jencks case in Texas and the case against the thirteen New York second-string Communist Party leaders on January 20 and January 31, 1955, respectively, the Communist Party has mobilized its entire apparatus to seize upon the Matusow incident in order to weaken the Government's entire security program.

The east coast Communist newspaper "Daily Worker" on January 31, 1955, contained an editorial entitled "A Bomshell." The editorial discusses the Matusow incident and states "The American people have a right to know all the facts behind the Matusow case. They have a right to know the extent to which the Department of Justice has been used as a Department of Frame-up. The American people have a right to demand that the Justice Department drop every thought-control prosecution under way and that all imprisoned victims be released."

William Z. Foster, National Chairman of the Communist Party, USA, wrote an article in the February 1, 1955, issue of the "Daily Worker" entitled "Matusow Confesses Perjury." Foster stated "The Matusow admission of perjury should be made the opening wedge for a thorough-going exposure of this whole rotten frame-up system now besmirching the Federal courts and railroading innocent people to jail."

The "Daily Worker" on February 2, 1955, editorially demanded a probe "of the Justice Department's informer system -

not by the Department itself, but at the hands of such a body as the Senate Judiciary Committee."

The February 11, 1955, edition of the "Daily Worker" editorially declared "The need for a real investigation of the entire informer system AND OF THE JUSTICE DEPARTMENT'S ROLE IN IT is underscored by the revelations of a second informer, Mrs. Marie Natvig, that she was forced by Government attorneys to perjure herself in the Lamb case."

On February 25, 1955, the Communist Party, USA, released in the "Daily Worker" the text of a letter addressed to President Eisenhower signed by William Z. Foster, National Chairman of the Communist Party, USA, on the preceding day. The letter calls attention to the Matusow incident and states "Mr. Brownell and Mr. Hoover should be immediately suspended from their official functions and a thorough-going Senate Judiciary Committee investigation be made of the gross mismanagement of their offices, including the use of paid informers and the subornation of perjury by Government officials."

On February 25, 1955, Robert Klonsky, Communist official in Philadelphia, discussed the Matusow case. He told the members of the Philadelphia City Committee that the Communist Party is urging that letters, post cards and telegrams be sent to Senator Harley M. Kilgore demanding a Congressional investigation of the entire informant program of the Federal Government and that the Communist Party was also urging communications to newspapers and prominent people along the same line. Klonsky also said that the Communist Party should push Matusow's book, "False Witness" and get it before Party and non-Party people.

On March 4, 1955, Harry Sacher, attorney for Communist Party leaders, addressed a meeting attended by top leaders of the Communist Party, USA, and the Civil Rights Congress. The purpose of the meeting was for Sacher to brief the individuals present on the Matusow case and adopt an agitation and propaganda campaign designed to do away with Government informants or as an alternative to have their testimony discredited in the eyes of the public at future trials.

On March 4, 1955, the "Daily People's World," west coast Communist newspaper, offered its readers a free copy of the book "False Witness" by Harvey Matusow for obtaining a new subscription for a twelve-month period.

The Communist Party through its daily press and Communist front organizations since January, 1955, has on a daily basis propagandized the Matusow incident and has attacked the Government's security program. The current Communist Party line is to step up the attack against the credibility of Government witnesses and to enlist the support of the non-Communist public. In this connection, the feeling among top Communist leaders is that speed is essential in order to capitalize fully on recent events.

"The Worker," weekend edition of the "Daily Worker," on March 27, 1955, carried an editorial entitled "Don't Be Cheated of Victory," which sums up the Communist Party program in this regard as follows: "The demand should go forth ever stronger for an end to the informer system, for freedom or at least new trials for the Smith Act victims, for quashing the 'membership' indictments and for repeal of all McCarthyite laws."

a.g. Item 1 (c) (iii) states that the report of Messrs. Tompkins and Lumbard on Matusow should also cover recommendations as to discipline of any Department employee who did not maintain proper standards in preparing or using Matusow in behalf of the Government.

g. This item also deals with a memorandum from the Immigration and Naturalization Service dated February 24, 1955, which states that Matusow was not used as a witness after April 8, 1954, "on receipt of information that the subject had written letters to his wife in which he stated that he had committed perjury in testifying regarding Communism. The Attorney General asks if the FBI and Internal Security Division were notified of this at the time. We have not located any indication that the Immigration and Naturalization Service did call our attention to this information at that time.

g. This item also asks whether newspaper reports are accurate which state that Matusow testified before a Congressional Committee that he could personally identify 10,000 Communists in New York City. Our files reflect that Matusow on March 13, 1952, testified before the Senate Subcommittee on Internal Security, Washington, D. C., in a hearing concerning the Institute of Pacific Relations. Matusow said that while he was a Communist Party member he had worked in three Communist Party bookshops. He described the nature of these bookshops and when questioned concerning people coming in to buy books he stated "Yes, in my position in the bookshop I know by sight probably 10,000 Party members in New York. He had seen them at various mass meetings or they knew me to be a Communist." A copy of the transcript of this public hearing was furnished to Assistant Attorney General Charles B. Murray by memorandum dated September 23, 1952, captioned "Institute of Pacific Relations, Espionage - R." Our memorandum pointed out that this transcript contained testimony of Harvey Marshall Matusow.

g. This item also asks "Was there anything in Bishop Ornam's public statements that should have alerted us?" Bishop Ornam's statement to the effect that Matusow had stated that he had lied to Congressional Committees was reportedly made at a conference of the Methodist Church during the early part of June, 1954. Information concerning this statement was furnished to Assistant Attorney General Warren Olney III by letter dated July 6, 1954, and copies of newspaper articles to Assistant Attorney General William F. Tompkins by letter dated July 20, 1954.

DONALD ANGUS CAMERON

9.9
Information concerning Cameron pertains to Section I (c) (iv) of the Attorney General's memorandum dated March 21, 1955, in which he instructs that the report of Messrs. Tompkins and Lumbard on Matusow should contain recommendations as to proposed prosecutions or further Congressional investigations of Cameron, Kahn or other individuals or labor unions, based upon evidence discovered in their investigation.

b6
b7C

Cameron, of the firm Cameron and Kahn Company, Inc., New York City, publisher of Harvey Matusow's book "False Witness," was born December 25, 1908, in Indianapolis, Indiana. He received an A. B. degree from DePauw University in 1930, and married [redacted] in 1936. He was editor in chief and official of Little, Brown and Company, Boston, Massachusetts, from 1943 to 1951, when he resigned due to differences of opinion in editorial policies.

Bureau investigation of Cameron was initiated in 1945, it is pending, New York is origin and Cameron is on the Security Index. Louis Budenz, former Communist Party official in testimony before Senate Internal Security Subcommittee in 1951, described Cameron as a Communist Party member and Herbert Philbrick, former Communist Party member, in testimony before the same committee in 1953, identified Cameron as a person described to him as a Communist Party member. Cameron has been affiliated with numerous organizations cited by the Attorney General. Cameron in testimony before the above-mentioned committee on May 7, 1953, declined to answer questions regarding Communist Party membership citing the Fifth Amendment.

He also appeared before the Senate Internal Security Subcommittee in executive session on February 17 and 18, 1955, and in public session on March 9, 1955, and again invoked the Fifth Amendment, regarding his Communist Party membership. This testimony was forwarded to New York by Bureau letters dated March 3, 1955, and March 28, 1955, respectively, for analysis to determine whether he committed perjury in his testimony.

ALBERT EUGENE KAHN

6.9
Information concerning Kahn pertains to Section 1 (c) (iv) of the Attorney General's memorandum dated March 21, 1955, in which he instructs that the report of Messrs. Tompkins and Lumbard on Matusow should contain recommendations as to proposed prosecutions or further Congressional investigations of Cameron, Kahn or other individuals or labor unions, based upon evidence discovered in their investigation.

||| Kahn has been on the Security Index since October 30, 1945, and is a key figure of the New York Office. Reliable informants have placed Kahn in the Communist Party or Communist Political Association, 1944-1949. Louis Budenz knew subject as a Communist 1940 - 1945. Elizabeth Bentley collected Communist Party dues from Kahn in the early 1940's. Kahn has been President of the Jewish Peoples Fraternal Order of the International Workers Order (IWO) and a member of the National Board of the IWO, 1944 - 1953. These organizations have been designated by the Attorney General pursuant to Executive Order 10450. Kahn has also been associated with numerous Communist fronts during the past fifteen years.

Kahn was born May 11, 1912, at London, England. He came to the United States in 1920. He has derivative citizenship. Kahn lives on Glengary Road, Croton-on-the-Hudson, New York. He is associated with Donald Angus Cameron in the firm of Cameron and Kahn Company, Incorporated. This firm published Harvey Matusow's book "False Witness."

Kahn is a lecturer and writer by profession. From 1939 until 1943 Kahn was editor of "The Hour," a weekly newsletter originally published by the American Council against German Propaganda and later by The Hour Publishing Company. "The Hour" has been cited by the California Committee on Un-American Activities, 1948 Report, as among publications which the Committee found "to be Communist initiated and controlled, or so strongly influenced as to be in the Stalin solar system."

Kahn testified before the Eastland Committee (Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws of the Committee on the Judiciary, United States Senate) meeting in Executive Session at Washington, D. C., on February 23 and 26, 1955, concerning his relationship with Matusow. He invoked the Fifth Amendment in answer to questions concerning his (Kahn's) membership in the Communist Party. His testimony was forwarded to New York

|| by Bureau letter dated March 17, 1955, for analysis to determine if he may have committed perjury. He also testified before the Eastland Committee meeting in public session at Washington, D. C., March 7 and 8, 1955. This testimony was forwarded to New York by Bureau letter dated March 28, 1955, for a similar analysis.

||| All information concerning Kahn has been furnished to the Department. A detailed summary report dated March 15, 1955, at New York setting forth his pertinent activities was forwarded to the Department by letter dated March 22, 1955.

Q. 9. Item 1 (c) (iv) states that the report of Messrs. Tompkins and Lumbard should also cover recommendations as to proposed prosecutions or further Congressional investigations of other individuals or labor unions based upon evidence discovered in the investigation.

Evidence developed in the current investigation regarding Matusow is to the effect that the International Union of Mine, Mill and Smelter Workers (IUMMSW) agreed in September, 1954 to buy 2,000 copies of Matusow's book at 50 cents each. This agreement was made with Cameron and Kahn, publishers of the book, before Matusow had even contacted Cameron and Kahn. Albert Kahn later put Matusow in touch with Nathan Witt, attorney for the union, who obtained an affidavit from Matusow repudiating his testimony in the Jencks case.

This chain of circumstances is being considered along with other evidence by a federal grand jury in New York as a possible conspiracy to obstruct justice. No action will be taken until all available evidence has been presented.

a. 2. Item 1 (c) (v) states that report of Messrs. Tompkins and Lumbard should include whether or not there should be closer liaison between the Immigration and Naturalization Service and the FBI as to information concerning witnesses and informants.

Under date of May 13, 1954, a letter was transmitted to the Attorney General concerning informants and witnesses used by the Immigration and Naturalization Service. Attached was a 74 page memorandum furnishing brief sketches on each informant or witness being used by the Immigration and Naturalization Service. It was pointed out that although many of the individuals used by the Immigration and Naturalization Service appeared to be completely reliable, others such as Matthew Cuetic, [redacted] and Harvey Matusow have demonstrated their untrustworthiness and unreliability. It was stated in this memorandum that it was strongly felt that the FBI should not be called upon to vouch for the reliability of those individuals who are not under our control nor attempt to advise the Immigration and Naturalization Service which informants or witnesses it should or should not use in connection with prosecution under its jurisdiction.

b6
b7C
b7D

9. Item 1 (c) (vi) states that the report of Messrs. Tompkins and Lumbard should cover any instructions to be issued to Departmental professional employees concerning the responsibility of trial attorneys or prosecutors for the reliability of witnesses.

This appears to be purely a Departmental matter.

SUBVERSIVE ACTIVITIES CONTROL BOARD CASES

A-9
Section 1 (d) of the Attorney General's memorandum of March 21, 1955, captioned "Ex-Communists as Witnesses" states that Harvey Matusow was utilized in the following four cases: The Communist Party, USA case, the Labor Youth League case, the National Council of American-Soviet Friendship case and the Veterans of the Abraham Lincoln Brigade case.

Matusow testified in the Communist Party, USA case on March 10 and 11, 1952. In this case the Government asked the Court of Appeals to disregard his testimony in toto and that Court decided the appeal in favor of the Government.

Matusow testified in the Labor Youth League case on December 9 and 10, 1953. The Subversive Activities Control Board in reporting its finding in favor of the Government stated it disregarded Matusow's testimony in toto.

Matusow testified in the National Council of American-Soviet Friendship case on June 3, 1954. In the afore-mentioned memorandum it is noted that the statement appears that Assistant Attorney General William F. Tompkins has stated that Matusow's testimony could be stricken from the record without affecting the Government's case.

Matusow testified in the Veterans of the Abraham Lincoln Brigade case on June 7, and 8, 1954. The afore-mentioned memorandum contains the statement that Assistant Attorney General William F. Tompkins has stated that Matusow's testimony could be stricken from the record without affecting the results of the case.

In the memorandum from Assistant Attorney General William F. Tompkins to the Attorney General dated March 11, 1955, captioned "Witnesses Before the Subversive Activities Control Board," a copy of which was transmitted to the Bureau by the Attorney General's memorandum dated March 22, 1955, page 7, states in regard to Matusow's testimony that a separate memorandum is being prepared appraising his testimony in the four afore-mentioned cases, but that it can be stated at this time that it is not considered necessary to reopen any of these cases because of Matusow's recent defection.

[REDACTED]

a.g. Section 2 (a) of the memorandum from the Attorney General indicates that Assistant Attorney General Warren Olney III is to advise the Attorney General as to whether prosecution of [REDACTED] is warranted by reason of disclosures in the Federal Communications Commission (FCC) hearing.

|| [REDACTED] recently testified in the Edward Oliver Lamb hearing before the FCC and subsequently repudiated his earlier testimony contending he was prevailed upon by Government personnel to give false testimony against Lamb. In accordance with Departmental instructions the field was ordered to conduct a perjury investigation on Watson on February 26, 1955, and the Department has been furnished with all reports reflecting interviews with all persons charged by [REDACTED] as having been responsible for "coaching, conditioning and misleading conversation" which caused him to falsely testify in the FCC hearings on Lamb. All persons charged by [REDACTED] deny this allegation. In addition, as other reports are received they are reviewed and analyzed and furnished to the Department promptly. Additional leads are being covered resulting from a review of the transcript of the testimony in the Lamb hearing before the FCC to determine whether or not [REDACTED] has perjured himself in other aspects of his testimony before the FCC. It is expected that investigation will be completed in about ten days.

b6
b7C
b7D

a.g. Section 2 (b) states that the FBI advised the Attorney General that [REDACTED] was never used as an informant.

|| This information is factual inasmuch as [REDACTED] was never utilized by the Bureau as an informant.

a.g. Section 2 (c) stated that Internal Security (Division of the Department) advised the Attorney General that [REDACTED] was never used by it as a witness.

Our files do not reflect any instance in which [REDACTED] was used as a witness by the Internal Security Division of the Department.

a.g. | Section 2 (d) comments on information from the Immigration and Naturalization Service (INS) that [redacted] was used as a witness in eight deportation cases and one denaturalization case, also that he will hereafter not be used as an informant or witness by INS.

No comment inasmuch as this concerns only the Department and INS.

Section 2 (d) also notes that one of the deportation cases (Allen Shifrin) is to be reopened on motion of INS and INS is to advise the Attorney General of the results.

b6
b7C
b7D

Shifrin was the subject of a security investigation conducted by the Bureau. Our investigation disclosed that he had been employed by the Soviet Government Purchasing Commission; that he had been observed attending several Communist Party (CP) meetings and that he had been a member of the International Workers Order, including holding an office in that organization.

According to information furnished to INS, [redacted] related he was a member of the CP in Cleveland about 1935 and that Shifrin had attended ten or twelve meetings of a CP unit. He also recalled Shifrin served on a Committee for the Election of Andrew Onda, a CP candidate. In addition, Watson advised INS that he had observed Shifrin paying his CP dues when they were both members of a CP Club in Cleveland.

a.g. | Section 2 (d) also notes that a second deportation case [redacted] was terminated by the Board of Immigration Appeals, INS.

b6
b7C

Bureau files reflect that the basis for termination was that it had not been established that she was a member of the CP, USA, subsequent to her last entry into the United States. Only limited investigation was conducted by the Bureau on [redacted] prior to her arrest by INS on charges of being an alien and member of the CP.

[redacted] CASE

2.9. Item 3 of the Attorney General's memorandum dated March 21, 1955, states with reference to the [redacted] case that neither the Federal Bureau of Investigation (FBI) nor the Immigration and Naturalization Service nor the Internal Security Division (of the Department) used [redacted] as an informant or as a witness. The memorandum reflects that Mr. Olney would keep the Attorney General advised as to the developments in the indictment of [redacted] for perjury growing out of the Federal Communications Commission (FCC) case.

b6
b7C
b7D

[redacted] as is known, is the woman from Miami, Florida, who volunteered to Agents of the Miami Office in the Fall of 1954 that she knew Edward Oliver Lamb, who was then receiving publicity that he was to have a hearing about the renewal of a broadcasting license from the FCC. [redacted] stated that if her identity could be protected that she could testify as to Communist Party activities on the part of Lamb [redacted]

This information was made available to the Department as having bearing on the FCC hearing. At the Department's request [redacted] was asked if she would not give the information directly to a representative of the FCC. This she agreed to do and as soon as it was learned by the FBI that she had likewise furnished her true identity to the FCC all information bearing on [redacted] reliability and credibility which had been collected and was quite substantial was referred to the Department prior to her appearance as a witness at the FCC hearing. It is believed that because of the information about her reputation furnished, that it was felt desirable by the Department to have her tell her story about Lamb before a grand jury to "tie her down," which she did on September 30, 1954.

b6
b7C
b7D

[redacted] testimony during the fall FCC session on Lamb was considered damaging to Lamb's case and helpful to the Government.

She was recalled as a witness for the FCC hearing in February of 1955 when she completely recanted the testimony previously offered by her. As a result of this, [redacted] was

indicted by the Federal Grand Jury on nine counts of perjury on March 7, 1955. At her arraignment on March 11, 1955, she pleaded not guilty. Bond was set for [redacted] at \$2,500 and a trial date set by Judge Pine for April 18, 1955.

Special Agent in Charge Edward J. Powers and Special Agent Charles Schildecker testified at the Grand Jury. Counts seven, eight and nine of the indictment deal with [redacted] alleged perjury on February 9, 1955, as to what she had previously testified to, at the FCC hearing, concerning her statements made at meetings on September 15 and 21, 1954, to Powers when he was Special Agent in Charge at the Miami Office. It is contemplated that Powers and possibly Schildecker may be requested to appear at the trial for [redacted]

It is known that after [redacted] recanted her testimony and before she was indicted that she was in touch with Departmental attorneys and that she indicated that the original story she told about her relationships with Lamb, the one which she presented in the fall session of the FCC, was the truth.

b6
b7C
b7D

MATTHEW CVETIC

a.g. Item 4 deals with Matthew Cvetic and [redacted] both of whom are former confidential informants of the Pittsburgh Office. The Attorney General states that the Immigration and Naturalization Service advised him on March 16, 1955, that it has ceased using Cvetic and [redacted] as informants or witnesses. The Attorney General requests General Swing to submit his recommendation as to action to be taken in each case where Cvetic or [redacted] was used as an informant or witness.

b6
b7C
b7D

a.g. The Attorney General further states that the Internal Security Division of the Department has advised him that Cvetic testified in 2 cases before the Subversive Activities Control Board. In the case concerning the Labor Youth League, the Internal Security Division has advised that Cvetic's testimony could be stricken in its entirety without weakening the case and it was recommended that the case not be reopened. In the case involving the Civil Rights Congress, Internal Security Division has stated that it believes Cvetic's testimony is credible and recommend that the case not be reopened. The Attorney General requests that Mr. Rogers advise him in the Cvetic matter and that Mr. Tompkins advise him as to whether Cvetic was used in any other cases and whether [redacted] was used in other cases. (Both of these men were used as Government witnesses in the Pittsburgh Smith Act trial).

a.g. The Attorney General requests the FBI to advise as to whether evidence from Cvetic or [redacted] was used in any employee security cases.

||| Matthew Cvetic was an informant of the Pittsburgh Office for approximately seven years until January, 1950, at which time he was discontinued in view of his repeated demands for more pay and the difficulty in controlling his activities. Since 1950 we have received numerous indications that Cvetic has been drinking and we warned the Department that he should not be used in the Pittsburgh Smith Act trial.

Concerning [redacted] this person was used as an informant of [redacted] for approximately [redacted] when he appeared as a surprise witness in the Pittsburgh Smith Act trial.

[redacted] discontinued, effective [redacted] following his testimony in this trial. We have had considerable trouble with [redacted] since his discontinuance and the Department has been kept fully advised.

4-5-1955.

Both Cvetic and [redacted] were informants who, subsequent to their discontinuance, have engaged in activities which have been questionable. Both have attempted to capitalize on their former informant status and both have made statements which were exaggerated and designed to capture the public's imagination. Information supplied by these two individuals while they were informants, however, has been cross-checked and much of it verified. There has not been any positive indication that either of these informants furnished information known to be unreliable while they were informants. On March 10, 1955, the Executives Conference took up the question of informants of this type and it was unanimously recommended that the Bureau not attempt to go back and re-evaluate the reliability of a former informant as to information furnished by him while he was an informant in the absence of a definite indication that the informant furnished unreliable information to the Bureau while he was an informant. Information furnished by Cvetic and [redacted] has been widely disseminated and has been used in Security of Government Employees investigations.

On March 16, 1955, James Eadie, Chief of the Brownsville, Pennsylvania, Police Department, telephonically advised this Bureau that Cvetic had been arrested by that Department for drunken driving. According to Chief Eadie, Cvetic had driven his automobile into a ditch. Chief Eadie requested advice as to what action he should take with regard to Cvetic and was advised that that individual had no present connection with the FBI and that this Bureau would not intercede for him in any way.

On March 25, 1955, a reliable confidential informant of our Pittsburgh Office advised that during a March 24, 1955, meeting sponsored by the Pittsburgh Civil Rights Congress which dealt primarily with informants, a report which appeared to be a medical analysis concerning Cuetic was read. According to the informant, the report dealt with Cuetic's recent psychiatric treatment at St. Francis Hospital, Pittsburgh, and Evelyn Abelson, Secretary of the Western Pennsylvania Committee for Protection of Foreign Born, pointed out that her organization and the Civil Rights Congress would immediately begin preparation of a petition for submission to the United States District Court, Pittsburgh, and to the Immigration and Naturalization Service, pointing out that Cuetic's testimony at the Immigration and Naturalization Service hearings and at the Pittsburgh Smith Act trial was valueless since Cuetic was suffering from a nervous disorder.

On March 29, 1955, United States Attorney John W. McIlvaine, Western District of Pennsylvania, advised our Pittsburgh Office that he is in possession of a copy of a press release, apparently prepared by the Western Pennsylvania Committee for Protection of Foreign Born. Portions of this release, which had not been printed as of March 29, 1955, read as follows:

"The Western Pennsylvania Committee for Protection of the Foreign Born announced today that petitions have been filed in two deportation cases introducing new evidence relating to the mental illness of Matthew Cuetic, main witness in both proceedings. Attached to each petition is a summary of the hospital record, which shows that Cuetic was admitted to St. Francis Hospital, Psychiatric Division, on February 17, 1955, was discharged March 5, 1955, and re-admitted on March 19. ...Dr. W. J. Kelly,

who examined Cuetic on his first admission, found 'patient is restless, agitated, has a suspicious attitude, seems afraid, admits drinking heavily of late, is admitted as a chronic alcoholic.' According to the history obtained by the admitting physician, the patient was always rather a depressive person. His son never could understand him, he never discussed his problems with him, and he is at a loss to know what his trouble is at present, other than being lonely. He lives in a hotel room alone and has been writing a book. He has been very despondent and unsettled since he resumed drinking. He paced back and forth in his hotel room, he ate and slept very little since Sunday. Patient used liquor very heavily for a period of five years, but quit altogether two and one half years ago and has been with Alcoholics Anonymous. Patient has been doctoring for a nervous condition. He started drinking this past Sunday and Monday, February 13 and 14. Since he was so despondent, his son called the hotel doctor who gave him some medicine and recommended hospitalization....Cuetic medical record corroborates the charge of all the victims of this informer that his testimony is unreliable, that his motives are questionable, and that his use by the Department of Justice and other Government agencies calls for an investigation. In view of the psychopathic record of Cuetic, the Western Pennsylvania Committee for Protection of the Foreign Born calls for the immediate reopening of all cases in which Cuetic has testified."

United States Attorney McIlvaine stated that he was greatly concerned over this development, since Cuetic is the principal witness in pending Immigration and Naturalization Service cases, the first of which, concerning Joseph Louis Mankin, is scheduled for the April 11, 1955, term of court. Mr. McIlvaine requested that the medical

records at St. Francis Hospital be checked in order to verify whether Cvetic's physical condition is as described in the press release. Our Pittsburgh Office has been instructed to make this check and furnish the results to United States Attorney McIlvaine and to the Bureau, for transmittal to the Department.

With further reference to the Civil Rights Congress meeting on March 24, 1955, our informant advised that Allan McNeil, Secretary of "The Committee to End Sedition Laws," stated that the "Valley Journal," a newspaper published at Millvale, Pennsylvania, is in possession of a file concerning [redacted] and should [redacted] and [redacted] bring suit regarding an editorial concerning [redacted] published during August, 1954, the newspaper will make use of this file to expose [redacted] as a perjurer. McNeil further stated that in the event the "Valley Journal" does not make use of this information, there are two large newspapers in Pittsburgh which also want to expose [redacted]. The informant advised that the names of the newspapers were not mentioned and that he is unable to state how much truth exists in McNeil's statement.

b6

b7D

It is noted that there is no indication that any information that Cvetic and [redacted] furnished the FBI while they were informants was unreliable. To the contrary, much of their information has been cross-checked and proved through other sources that their information was reliable.

[redacted]

Item 5 applies to [redacted] and [redacted] both of whom have been used by the Department as witnesses in the past. The Attorney General states that Mr. Rogers should advise the Attorney General as to his opinion on [redacted] and particularly as to whether we (the Department) should now answer the inquiry as to them from the International Organizations Security Board.

The Bureau is not aware of the specific inquiry of the International Organizations Loyalty Board (correct title) referred to in the Attorney General's memorandum. It is believed the Attorney General may have reference to the referral to the Department by the Board of the transcript of the United Nations loyalty hearing in the case of Dr. Ralph Bunche in May, 1954. The Bureau is aware that the transcript of this hearing was referred to the Department by the Board for consideration as to possible perjury. It is noted [redacted] in that hearing testified that Bunche was a member of the Communist Party in 1934 or 1935. This testimony was denied by Bunche and by John Preston Davis, at whose office Bunche was supposed to have attended a Communist Party meeting, according to Patterson and Johnson. In July, 1954, the Department requested additional investigation by the FBI as to whether [redacted] may have perjured themselves. Additional investigation did not result in evidence which would resolve the question. The Department has received all reports in the Bunche case. No further action by the Bureau appears to be required at this time.

[redacted] was a member of the Communist Party from 1930 to 1939. He was a paid FBI informant from [redacted]. Since that time he has been contacted occasionally concerning Communist matters. In 1942 [redacted] advised he had never been married [redacted]. Records of the Buffalo Police Department reflect that [redacted].

In the 1950 Steve Nelson State Sedition trial, [redacted] admitted during cross-examination that he had not told the truth while testifying in a previous case in 1948 regarding the furnishing of reports on Communist activities to any Federal agency. This was the deportation case against Nat Yanish, Advertising Manager of the west coast Communist newspaper "Daily People's World." When this was brought out in the Nelson trial, [redacted] admitted on the witness stand he had lied at the Yanish trial because he, at one time, promised the FBI not to disclose his confidential relationship. [redacted] of course, while instructed to maintain his informant status in confidence, had received no instructions from the FBI to deny his informant status under oath.

When [redacted] testified for the Government at the Communist Party hearing before the Subversive Activities Control Board in 1951, his Nelson case testimony was introduced by the defense in an effort to discredit him.*

[redacted] is an ex-Communist who has been used intermittently as a source of information [redacted] has been attacked by outside individuals as possibly being unreliable and his information is only utilized for lead purposes at the present time by the Bureau.

[redacted] was a member of the Young Communist League from 1928 to 1935 and a member of the Communist Party from 1930 to 1937. He attended the Lenin School in Moscow in 1931. In 1934 [redacted] was the candidate on the Communist Party ticket for State Senator, 4th District, Maryland. [redacted] has testified before Congressional committees and has been used by the Immigration and Naturalization Service as an informant and witness. [redacted] also was a Government witness in the Los Angeles Smith Act trial in 1952.

Grand Jury Presentment
re Harvey Matusow

SECT

GRAND JURY PRESENTMENT
IN MATUSOW CASE

A.G. In his memorandum dated March 30, 1955, captioned "Ex-Communists As Witnesses" the Attorney General advised that in addition to, or in substitution for, the proposed report of Messrs. Tompkins and Lumbard on Matusow he wanted to consider whether it would be advisable to ask for a grand jury presentment in the Southern District of New York.

We do not know exactly what the Attorney General means; however, in his memorandum of March 21, 1955, the status report on "Ex-Communists As Witnesses," the Attorney General, as noted above, listed under 1C "Matusow Matters," a report to be given by Tompkins and Lumbard on Matusow to cover the disposition of cases in which Matusow was involved as a witness.

It would appear that in addition the Attorney General desires to consider the possibility of having the New York Grand Jury make a presentment of its findings, as a result of its consideration of evidence regarding Matusow's repudiation of his testimony and the surrounding circumstances, which would be in the nature of a public report to the court.

This would serve the purpose of exposing the Matusow situation to a public airing. It could be used to point up the difficulties involved in prosecuting under the existing Perjury Statute. It might serve as a springboard for the Attorney General to press his campaign for revision of the statute.

Since this is a matter to be considered by the Department from a legal and legislative standpoint, it does not appear necessary for the Bureau to express an opinion.

The Attorney General has recommended a revision of the Perjury Statute to eliminate the requirement that the Government must prove which of two conflicting statements made by a witness is true. The Attorney General has recommended that proof of the giving of contradictory testimony by a witness should be sufficient for a perjury prosecution. He has cited the Matusow situation as an example of the weakness of the present statute.

For your information, a special Grand Jury was convened in the Southern District of New York to consider the Matusow matter on February 8, 1955. The Grand Jury is still in session and innumerable witnesses have been called before it although Matusow himself has not been before the Grand Jury. Prior to convening the special Grand Jury, Matusow was subpoenaed to appear before a Grand Jury on February 2, 1955, but his attorneys promptly went before Judge Dimock, who was conducting the hearing for a motion for a new trial in the Flynn case, which motion was based on Matusow's affidavit. Defense attorneys asked that the Grand Jury subpoena be voided. When Judge Dimock indicated displeasure at the issuance of the subpoena, the Government agreed to defer Matusow's appearance before the Grand Jury until testimony was completed before Judge Dimock. The hearing on the motion has concluded but Judge Dimock has not yet given his verdict. Matusow, of course, is still in jail in El Paso, Texas, although indications are that he will be released on bond in the near future.

If the Director desires to make a comment regarding the wisdom of the Grand Jury issuing a presentment, there would appear to be no objection on the part of the Bureau to such action by the Grand Jury. However, it should be noted that if possible it would be highly desirable that the Grand Jury take some punitive action, that is, issue an indictment. If an indictment is not possible, of course, a presentment as we understand it, would have the effect of airing in public the facts found by the Grand Jury, which might be desirable.

Witnesses Before the Subversive
Activities Control Board

Assistant Attorney General
Tompkins' Memorandum
dated March 11, 1955

WITNESSES BEFORE THE SUBVERSIVE
ACTIVITIES CONTROL BOARD

Background:

The Attorney General, in a letter dated March 22, 1955, forwarded to the Bureau a copy of a memorandum Assistant Attorney General Tompkins had prepared for the Attorney General under date of March 11, 1955, captioned "Witnesses Before the Subversive Activities Control Board."* Mr. Tompkins' memorandum consisted of an appraisal of the reliability of 84 witnesses and potential witnesses who have testified or may testify for the Government in cases before the Subversive Activities Control Board. In making this appraisal for the Attorney General, Mr. Tompkins' memorandum was broken down into the following categories:

1. Witnesses Who Were Never Members of the Communist Party and Concerning Whom No Derogatory Information Has Been Received Reflecting Upon Their Reliability.
(12 individuals listed in this category)
2. Witnesses Who Became Affiliated With The Communist Party at the Instigation of the Bureau or Other Governmental Agencies and Concerning Whom No Derogatory Information Has Been Received Reflecting Upon Their Reliability. (8 individuals listed in this category)
3. Witnesses Who Were Members of the Communist Party and Concerning Whom No Derogatory Information Has Been Received Reflecting Upon Their Reliability.
(39 individuals listed in this category)
4. Witnesses Who Were Members of the Communist Party and Who Are Discussed Individually Because of Their Frequent Testifying or Because Information Reflecting Upon Their Reliability Has Been Received.
|| (25 individuals listed in this category)

|| The Attorney General requested the Bureau's comments concerning the information set forth in Mr. Tompkins' memorandum. A memorandum is being sent to the Attorney General furnishing him with additional information in our files concerning a number of the 84 individuals mentioned in Mr. Tompkins' memorandum to the Attorney General mentioned above.

*See Exhibit II

FBI Position:

In analyzing Mr. Tompkins' memorandum to the Attorney General of March 11, 1955, it is noted he set the witnesses out under four categories as mentioned above. In considering the question of whether an individual would make a good Government witness, it would not appear there is any real merit in such breakdowns as used by Mr. Tompkins. In reaching a conclusion as to whether an individual would make a good witness, the question of whether he was or was not a Communist is not the test. The real question is whether a potential witness is reliable and whether his background is sufficiently clean to allow him to successfully stand up under cross-examination aimed at impeaching his credibility and reliability. A former Communist might prove to be an excellent witness, and many have. On the other hand, a person who was never a Communist might be a very bad witness because his background was such as to allow the defense to impeach him as a witness.

The question of whether any individual should be used as a witness is a decision for the Department. The Bureau, of course, will cooperate by furnishing the Department any derogatory information in our possession concerning prospective witnesses. It would certainly be against the best interests of the Government to use such people as Matthew Cvetic and Harvey Matusow as witnesses, despite the fact they might possess valuable information concerning a case under prosecution.

All 84 of the witnesses and potential witnesses mentioned in Assistant Attorney General Tompkins' memorandum to the Attorney General have testified or will testify in Bureau cases before the Subversive Activities Control Board. We furnished the Department with most of the information concerning these individuals which appeared in Tompkins' memorandum. As a matter of fact, we have furnished the Department with a great deal of background and derogatory information on persons who have been and who may be used by the Department as witnesses before the Subversive Activities Control Board.

Once it has been decided to use a witness before the Subversive Activities Control Board, it is suggested that in every instance the Department be sure to advise the Bureau sufficiently in advance of their use to allow for a review of our files in order that we may provide the Department with any derogatory information we have before the witness takes the stand.

Analysis of Witnesses Set Forth in
Assistant Attorney General Tompkins'
Memorandum:

We have checked our files on all 84 of the individuals mentioned in Assistant Attorney General Tompkins' memorandum, to the Attorney General. We have in the past furnished considerable derogatory information concerning many of these individuals to the Department and are again calling that information to the attention of the Attorney General, Deputy Attorney General Rogers and Assistant Attorney General Tompkins, together with any additional information developed as a result of our file reviews. A copy of this memorandum to the Attorney General will be furnished to the Director before the conference to be held on April 5, 1955.

In Mr. Tompkins' memorandum it was indicated that the Department had no derogatory information concerning many of these individuals. In those instances where our files also reflected no pertinent information, there would appear to be no question about their utilization as witnesses and no summaries have been prepared.

In a number of instances, however, our file check reflected derogatory information which had not been set forth in Mr. Tompkins' memorandum. With regard to these particular individuals there is set forth hereinafter for the Director's use at the conference a brief summary containing any derogatory information set forth in Mr. Tompkins' memorandum as well as the additional pertinent information contained in our files.

THESE SUMMARIES ARE CONTAINED IN A SEPARATE FOLDER WHICH STARTS ON PAGE 24.

Pursuant to your request, there is submitted herewith an appraisal of the reliability of all individuals who have testified or who may testify for the government in cases filed by the Subversive Organizations Section with the Subversive Activities Control Board. The presentation of the cases has been completed against the Communist Party, USA (CPUSA), Jefferson School of Social Science (JSSS), Labor Youth League, (LYL), National Council of American-Soviet Friendship, Inc. (NCASF) and Veterans of the Abraham Lincoln Brigade (VALB). The hearing against the Civil Rights Congress (CRC) is now in progress. The cases now pending hearing before the Board are against the American Committee for Protection of Foreign Born (ACFPB), Joint Anti-Fascist Refugee Committee (JAFRC), United May Day Committee (UMDC), Council on African Affairs (CAA), and Washington Pension Union (WPU).

As the basis for this memorandum, Section attorneys reported any information they have obtained from the Bureau, from public sources, and from personal experience with the individuals which might indicate the present or potential unreliability of a witness.

In the listing below, the abbreviation of the name of any case in which a witness has testified, with the date of his appearance, follows his name in regular type. The abbreviations of the names of the cases in which he is a prospective witness are underscored. Only those individuals as to whom a preliminary determination of their probable utilization has been made are listed as prospective witnesses.

IV. Witnesses Who Were Members of the Communist Party and Who Are Discussed Individually Because of Their Frequent Testifying or Because Information Reflecting Upon Their Reliability Has Been Received.

Budenz, Louis Francis. This witness has testified in the cases against the CPUSA (4/9, 15--17, 22-23/51), JSSS (12/9-11, 14/53), NCASF (6/8-10/54), VALB (7/19-20/54). In addition to these cases, he has been consulted regarding almost all of the Communist Front cases now pending before the Board. While his testimony is probably not essential to the successful prosecution of any front case in which he has not already testified, his long experience as a high Party functionary places him in a position to make a valuable contribution to almost any future case against a Communist Front organization which existed between 1935 and October, 1945. In each case in which he has testified or furnished information, Budenz has proved a reliable witness. However, within the last month, he has advised this Division that because of what he terms the failure of this government to support former Communists who have testified in its behalf, as well as for reasons of personal health and finances, he will not willingly appear again as a witness for the Department.

[redacted] This individual has never testified before the Board and is considered here because of his possible use in the ACPFB case. A Division attorney interviewed him in connection with the CRC case, but did not consider [redacted] evidence of sufficient importance to warrant calling him as a witness. The

attorney reported that Butel indicated a willingness to exaggerate facts and recommended that, if used as a witness, he be handled with caution and his testimony be limited to facts contained in his informant's reports to the Bureau.

b6
b7C
b7D

[redacted] This individual has testified only in the case of United States v. Dennis, et al. She was interviewed by Division attorneys concerning the JSSS and UMDC cases. While it is believed that she could give credible testimony regarding these and other front cases, she is listed here to record that she has refused voluntarily to be called as a witness in any proceeding.

Crouch, Paul. This witness has testified before the Board in only the CPUSA case (6/26 - 28/51; 7/9 - 12, 16 - 19, 23 - 25/51). He was consulted concerning the case against the International Workers Order. He was subpoenaed to testify in the VALB case in May, 1954, but it was decided not to use him because of the public attacks on his character. His use in any future case before the Board will not be considered unless his testimony is essential to successful prosecution, and your prior approval has been obtained.

[redacted] This witness has testified before the Board in only the CPUSA case (10/31/51; 1/14 - 15/52). Inasmuch as no detailed information respecting Communist front organizations has been attributed to him, he was not interviewed on any of these cases. It may be noted that the press has reported in the past week that [redacted] testifying before the Federal Communications Commission in the matter involving Edward Lamb, stated that the subject had assisted in preparing Watson to give false testimony. He was an excellent witness in the CPUSA case.

Cvetic, Matthew. This witness has testified before the Board in the cases against the LYL (1/11/54) and CRC (12/13-14/54). Division attorneys who have handled him report that while he gives credible testimony he tends to exaggerate facts. They recommend that his testimony be limited to information corroborated by reports he made while a Bureau informant. As you know, this Division is presently asking a separate evaluation of this witness, which will be the subject of another memorandum.

[redacted] This witness has testified before the Board in the case against the JSSS (11/25,30/53) and has been consulted in the past regarding other front cases. However, she recently advised that she does not wish to testify for the government in the future because she feels that ex-Communists who appear as witnesses are becoming increasingly unpopular and extreme liberal views are in the ascendancy. While professing a keen interest in a vigorous fight against Communism, she is extremely reluctant to "waste her time" testifying for the government in the face of what she considers an adverse political climate. We are now making efforts to get her voluntary testimony in the CRC case.

Fletcher, Jess. This witness has appeared before the Board in the case against the NCASF (5/25/54). Following this case, he was named the defendant in a libel action by a person he had there identified as a Communist. In addition, while being interviewed concerning another front case, he and a Division attorney conducting the interview became involved in a misunderstanding, which may preclude his use as a witness by that attorney in that case. However, the Bureau characterizes Fletcher as of known reliability and the attorney who used him in the NCASF case also considers him reliable and plans to call him as a witness in the action against the WPU.

Gitlow, Benjamin. This witness, who has testified frequently for the Immigration and Naturalization Service, has appeared before the Board only in the CPUSA case (4/23 - 26, 30/51; 5/1, 7 - 10, 14 - 17/51). Inasmuch as he was expelled from the Party before the existing Communist front organizations were formed, his future use as a witness before the Board is not contemplated.

[redacted] This witness, who was convicted under the Smith Act in United States v. Huff, has testified before the Board in the CRC case (1/11, 13, 19/55; 2/8 - 10/55). In addition, she has been consulted regarding other front cases and the information she has provided has proved reliable. Her testimony will be of particular value in the WPU case.

[redacted] This witness has testified before the Board in the VALB case (6/9/54). Although his testimony there proved reliable, in interviews with Division attorneys concerning this and other front cases, he has demonstrated a tendency to give obviously hearsay evidence. In addition, the Bureau has advised that he has been an alcoholic. He will not be used in future front cases unless his evidence is shown to be reliable and important to successful prosecution.

[redacted] This witness has testified before the Board in the CPUSA case (9/17 - 19/51). It is understood that under cross-examination in this case, he acknowledged that he had not been entirely truthful in his direct testimony. Although he could provide valuable testimony in the UMDC, CAA and JAFRC cases, he will not be considered for use as a witness unless his testimony is essential to successful prosecution, and your prior approval has been obtained.

[redacted] This witness has testified before the Board in the cases against the CPUSA (5/17, 21 23/51; 6/4 - 5/51) and NCASF (5/17 - 18/54). He was consulted by Division attorneys regarding the National Lawyers Guild (NLG). Although they, and others, have reported that Kornfeder demonstrates a tendency to state legal conclusions not supported by facts, it is believed that, if carefully handled to limit him to factual testimony within his personal knowledge, he makes a good witness. However, since the evidence he can provide concerning Party activities is necessarily limited to the period prior to his expulsion from it in 1934, it is not likely that he will be needed as a witness in any future front case.

[redacted] This witness has testified before the Board in the JSSS case (12/1 - 2/53). Since then she has been consulted by Division attorneys concerning other Front cases and the recent case of the United States v. Weinstock. The consensus of opinion of the attorneys who have interviewed her is that she has become an unstable, neurotic individual whose testimony would have to be limited to facts susceptible to complete corroboration. Her use in any future case before the Board will not be considered unless her testimony is essential to successful prosecution.

[redacted] This witness gave limited testimony, which proved reliable, before the Board in the case against the NCASF (5/20 - 21/54). Since then, the Bureau has advised that it is no longer contacting him for information because he is considered unreliable and untrustworthy. In addition, Division attorneys who have interviewed him regarding other front cases consider him unstable. Therefore, his future use before the Board is not contemplated.

[redacted] This witness has testified before the Board in the cases against the CPUSA (1/21 - 24/52; 2/6 - 7, 11 - 12/52); JSSS (12/14 - 16/53); LYL (11/30/53; 12/1/53); NCASF (5/20 - 21/54); VALB (5/3 - 4, 6/54); and CRC (11/29 - 30/54; 12/1/54). He has also been consulted regarding almost every Front case pending before the Board. His evidence has proved reliable in every instance and it is felt that his continuing availability is important to the general program of the Subversive Organizations Section.

[redacted] This witness has testified before the Board in the case against the NCASF (5/12, 17/54) and has been consulted concerning the ACFPB and NLG. While not questioning his reliability, the Division attorneys in these three cases reported that Malkin tends to state legal conclusions and to draw generalizations from facts. It was recently reported that John Lautner had stated over one year ago that he had detected this fault in Malkin and had cautioned him to exercise restraint on the witness stand. On February 15, 1955, Lautner confirmed that he had made this statement, but added that he had observed Malkin testifying on other occasions since that time and that in his opinion Malkin now is thoroughly reliable. It is believed that if this witness is carefully handled to limit his testimony to facts within his personal knowledge, he will make a good witness.

[redacted] This witness has testified before the Board in the cases against the CPUSA (9/27/51; 10/8/51); JSSS (1/7/54); LYL (12/1, 7/53); and CRC (1/12/55). No indication has been received that her evidence was not reliable in each instance. However, at this time no information has been attributed to her which would require her appearance as a witness in any pending Front case.

Matusow, Harvey. This witness has testified before the Board in the cases against the CPUSA (3/10 - 11/52); LYL (12/9 - 10/53); NCASP (6/3/54) and VALB (6/7 - 8/54). A separate memorandum appraising his testimony in these cases is being prepared. However, it can be stated at this time that it is not considered necessary to reopen any of these cases because of Matusow's recent defection.

[redacted] This witness has testified before the Board in the case against the CRC (12/14 - 15/55). Her personal credibility is not questioned, but she is noted here because she is [redacted] who has demonstrated to a Division attorney a general instability and a marked willingness to exaggerate prospective testimony. In addition, the Subversive Activities Section is presently considering seeking an indictment against him for impersonating a Federal officer. However, at this time no information has been attributed to [redacted] which would require her testimony in any pending Front case.

[redacted] This witness, who has testified frequently for the Immigration and Naturalization Service, has testified before the Board only in the case against the CPUSA (6/6 - 7, 11-13, 18-20, 25 - 26/51). He has been consulted regarding the CRC case. While no report of his unreliability has been received, no information has been attributed to him as this time which would require his testimony in any pending front case.

[redacted] This witness has testified before the Board in the cases against the JSSS (6/15/54) and VALB (6/22/54). Since then, he has become associated with a New York State legislative committee which is investigating a phase of Communist activities. A Division attorney, who interviewed him recently, reported that he now appears unstable and does not distinguish between information he personally obtained as a Party member and that which has come to his attention through his association with this committee.

[redacted] This witness admitted upon cross-examination in the Detroit Smith Act case that he had perjured himself in his direct testimony to the extent that he denied his relationship with another confidential informant [redacted]. He sought to justify his action by stating he had not known [redacted] was also to testify and felt in the interest of security that he could not reveal [redacted] informant role. The facts were presented to the Grand Jury, which took no action. It is believed [redacted] testimony was otherwise reliable in every respect. His use as a witness in future cases needs to be confined to matters to which his testimony is essential, and the Detroit testimony will have to be frankly detailed on direct examination when he is used.

[redacted] This witness was the occasion of witness [redacted] perjury in the Detroit Smith Act case, detailed above. This witness acknowledged in that case that he had "fenced" with defense counsel on cross-examination as to his relations with [redacted] but this witness did not perjure himself. It is believed this is a credible witness and we may desire his testimony in future front cases, including CRC and ACPFEB.

[redacted] This witness, who had testified in the Smith Act case of United States v. Forest, et al, was called in the NCASF case (6/2/54) to identify one person as a member of the Communist Party. The Division attorneys who handled this case and those who interviewed him regarding the CRC case have reported that his limited mentality does not recommend him for extensive use as a witness. No information has been attributed to him at this time which would require his testimony in any pending front case.

LOUIS FRANCIS BUDENZ
Bufile 100-63

With regard to this individual, it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that this individual was so classified because:

While he has testified in numerous cases against the Communist Party, USA, and has been consulted regarding almost all of the Communist-front cases now pending before the Subversive Activities Control Board, his testimony is probably not essential to the successful prosecution of any front case in which he has already testified. However, his long experience as a highly placed Communist Party functionary places him in a position to make a valuable contribution to almost any future case against a Communist-front organization which existed between 1935 and October, 1945. In each case in which he has testified or furnished information, Budenz has proved a reliable witness; however, within the last month he has advised the Department that because of what he terms the failure of the Government to support former Communists who have testified in this behalf as well as for reasons of personal health and finances, he will not willingly appear again as a witness for the Department.

Budenz has been used by the Bureau as a source of information since December, 1945. In addition to the information contained in the Departmental memorandum, Bureau files reflected the following:

In the Spring of 1950, Senator Dennis Chavez made a speech on the floor of the US Senate concerning Louis F. Budenz. During the speech, he mentioned Budenz' involved past and made the following comments:

He stated that Budenz had "entered into relations with one [redacted] while still married to Gizella Budenz." Senator Chavez pointed out that Budenz and [redacted] were not actually married until 1945 and that in the meantime, they had three children born in 1934, 1937 and 1943, respectively. According to Chavez, Budenz, by being involved in a common-law marriage with [redacted] while still legally married to another woman, was guilty of bigamy under the laws of the State of New York.

See Note on Yellow Page Four
CCL:ph:dla (7)

Senator Chavez continued his attack on Budenz stating, "Finally, to afford him some relief from the humdrum distaste of two wives at the same time, he appears to have registered under various aliases in hotels in Pennsylvania, New York and Connecticut, concentrating his attentions on a certain [redacted] She was Budenz' adopted daughter, a relationship which though not distinctly biologic is supposed, in our society to involve certain proprieties and decencies."

Budenz' relationship with Gizella Budenz, [redacted] and [redacted] was first brought out in 1947 while he was testifying at the immigration hearing of one J. Desiderius Hammer, with alias: John Santo. This relationship was also gone into in 1949 when Budenz testified at the trial of the top Communists in New York and has since been brought up during several trials where Budenz has appeared as a witness.

In an effort to clarify his position in regard to the above situation Budenz has furnished the following information in the past:

In 1916 he married Gizella Giesz. They were married in a civil ceremony at Terre Haute, Indiana, but even though they were both Catholics they were not married in the church inasmuch as she was a divorced woman and her previous husband was still living. During their marriage they had no children of their own but adopted [redacted]

In 1927, Budenz ceased to live with Gizella Giesz although he continued to support her until the time they were divorced in 1937 or 1938.

In 1930, while engaged in trade union work for the CP, which consisted primarily of working among the unemployed and organizing strikers, Budenz met and began an affair with a girl named [redacted]. She was likewise a Communist and was engaged in similar type work. As a result, they travelled together in various of the eastern states and undoubtedly worked in Connecticut, NY, and Pa. While they were so traveling, they continued to carry on their affair. This lasted for approximately one year, at which time, according to Budenz, they broke off their relationship.

During the Santo hearing, Harry Sacher, Attorney for the Defense, produced a number of letters purportedly written by [redacted] to Budenz, which mentioned their intimate relationship. According to Budenz, he failed to recognize any of these letters. However, he stated that they could have been legitimate inasmuch as [redacted] had written to him during the period of their affair.

Concerning his relationship with [redacted] Budenz stated that they began living together in 1933. He pointed out that it was legally impossible for them to get married inasmuch as he had not received a divorce from his first wife at that time. He continued, stating that when the divorce from Gizella Budenz came through in 1937 or 1938, he consulted with CP officials Jack Stachel and Earl Browder about his relationship with [redacted]. They advised him that a marriage ceremony would not be necessary. He stated, however, that he and [redacted] were legally married on 10-12-45, the day after he left the CP. As a result of their marriage, there were four children born in 1934, 1937, 1943 and 1947. b6 b7C

Still further, with reference to his relationship with [redacted] Budenz said he felt it was not one of man and wife at common law. He based his opinion upon the belief that common-law marriages were not recognized in NY in 1933. b6 b7C

Budenz still further furnished the following information about an incident that occurred involving his adopted daughter [redacted]

In 1930, he made a trip to Springfield, Illinois, for the purpose of organizing the unemployed in that area. [redacted] who was 15 at the time, accompanied him on this trip at the request of his wife, Gizella. While in Springfield, one of his associates supposedly "made a pass" at [redacted]. Budenz stated that he was unsure of the facts surrounding this episode and advised that, in fact, [redacted] had on a number of occasions contradicted herself concerning the details of this incident.

In any event, according to Budenz, she later advised Gizella Budenz of the episode and Gizella got in touch with the Child Welfare Society in Springfield asking them to inquire into the matter.

Budenz and [redacted] both appeared before a member of the Child Welfare Society concerning the matter. According to Budenz, this member apologized for troubling them and told them no charges were being brought against him inasmuch as no crime had occurred. b6 b7C

The above incident was brought up by Harry Sacher during the Santo hearing. He tried to indicate that Budenz was involved in a morals charge. He also produced a letter which was supposed to have been written by [redacted] to Gizella Budenz and was about this incident. Budenz stated that he did not recognize the letter and advised that it contained no allegation against him.

Bufile 100-373332

With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that this individual was so classified because in an interview with a Department Attorney the Attorney reported that [REDACTED] indicated a willingness to exaggerate facts and recommended that, if used as a witness, he be handled with caution and his testimony be limited to facts contained in his reports to the Bureau. b7D

[REDACTED] contacted the Los Angeles Office of the FBI on July 21, 1948. He stated that he was formerly a member of the Communist Party in New York, from 1931 to 1941, when he severed relations peaceably and shortly thereafter moved to Los Angeles. In 1948, [REDACTED] again joined the Communist Party in cooperation with the FBI and served as an informant in [REDACTED] b7D

[REDACTED] During the later months of his Communist Party membership he had considerable marital difficulty. Bufile 100-372384

With regard to this individual it is noted that she has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of her frequent testifying or because information reflecting upon her reliability has been received. The Department indicated that this individual was so classified because she has refused to be voluntarily called as a witness in any proceeding. The Departmental memorandum indicates

[redacted] testified only in the case of the United States v. Dennis, et al. She was interviewed by Division attorneys concerning the Jefferson School of Social Science and the United May Day Committee cases. It was concluded that she could give credible testimony regarding these and other front cases.

b7D

[redacted] became an informant of the New York Office [redacted] reporting on Communist matters. She was the only woman witness testifying for the Government in the first New York trial. By letter dated March 29, 1951, the New York Office advised that she was discontinued as an active informant of that office.

With reference to the material supplied in the Departmental memorandum concerning the above individual, Bureau files contain the following additional data concerning this former informant and her testimony in the first New York trial:

b7D

She appeared as a Government witness in this case on April 26, 27, 28, 29, and May 2 and 3, 1949. During cross-examination [redacted] testified concerning payments made to her by the FBI for her services as a confidential informant. She indicated that she had received only expenses from the Bureau and did not receive a salary. Bureau records reflect that

In addition it will be recalled that Departmental attorneys and representatives of the United States Attorney's Office at New York handling this informant experienced considerable difficulty with her during the period following the completion of her testimony and prior to final adjudication of this matter. PAUL CROUCH

(61-6547)

With regard to this individual it is noted that he has been classified by the Department as a witness who was a Communist Party member and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received.

The Department noted that Crouch has testified before the Subversive Activities Control Board in the Communist Party, USA, case on (6/26,28/51; 7/9,12,16,19,23,25/51). He was consulted concerning the case against the International Workers Order. He was subpoenaed to testify in the Veterans of the Abraham Lincoln case in May, 1954, but it was decided not to use him because of the public attacks on his character. His use in any future case before the Board will not be considered unless his testimony is essential to successful prosecution and the Attorney General's prior approval has been obtained.

Crouch was used as a source of information by the Bureau beginning in December, 1947. He was paid occasionally on a per diem basis for his services in furnishing information based on his past Communist activity. He is no longer used by the Bureau.

The Department indicated derogatory information concerning Crouch in regard to possible attacks on his credibility.

Bureau files note that Crouch enlisted in the U.S. Army at Fort Bragg in 1924. On February 16, 1925, he was dishonorably discharged from the United States Army with forfeiture of all pay and allowances and sentenced to forty years at hard labor for organizing the Hawaiian Communist League and endeavoring to influence a member of the Armed Forces to join this League. His sentence was later reduced to three years at Alcatraz Military Prison. He was released June 1, 1927. In addition, Crouch was arrested in New York in 1929 and charged with being a fugitive from Bristol, Massachusetts, and he was turned over to the Bristol authorities. He was also arrested in 1932 and 1934 by the police of Charlotte, North Carolina, and Danville, Virginia, for investigation and released. Crouch has explained in the past that these arrests were due to his radical activities.

WBA:ejf:cmh
(8)

In addition, allegations attacking Crouch's credibility have been made by Greg Pearson, the Alsop Brothers and various publications. Crouch is taking steps to refute these allegations and has brought suit against the "Daily Worker" for \$150,000 and against the Alsop Brothers and the "New York Herald Tribune" for \$500,000.

[redacted]

With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that this individual was so classified because:

[redacted] testified before the Subversive Activities Control Board in only the Communist Party, USA case. It further indicated that since no detailed information has been attributed to him he was not interviewed on any of the other cases. It was also noted that [redacted] testifying before the Federal Communications Commission in the matter involving Edward Oliver Lamb, stated that the subject had assisted in preparing [redacted] to give false testimony.

Bureau files reflect that [redacted] was a paid informant for the Cleveland Office from February, 1944, to May, 1949. He originally joined the Communist Party in Toledo, Ohio, on December 29, 1943. [redacted]

[redacted] Informant's Party name is [redacted]. He attended the National Convention of the Communist Party, USA, held in New York from May 20 to May 23, 1944. He also attended the Communist Party Midwest Regional School in Chicago, Illinois, from December 8 to December 22, 1945. [redacted]

[redacted] was born [redacted] and resides in [redacted]. He is presently employed at [redacted] and is married. His mother's name is [redacted].

[redacted] is a Negro and was instrumental in furnishing the activities of the Communist Party in and around the State of Ohio and also the activities of the Party at National Conventions to which he was a delegate. [redacted] was (100- never the subject of a security matter type investigation by the 373571-Bureau. No arrest record was located in the files of the Identification Division. 42)

He has appeared as a Government witness in the first and second Smith Act trials in New York, the recent Smith Act trial of Claude Lightfoot in Chicago, and before the Subversive Activities Control Board in hearings on the Communist Party, USA. He is a contemplated witness in the forthcoming Cleveland Smith Act trial. The digest of the official transcript of the testimony given by [redacted] in the trial of the Communist Party leaders in New York, reflects he testified on May 12, 1949, that he married

WFD:baw

[redacted] in South Carolina, and then his mother told him in 1950, that his marriage had been annulled. Attempts to pursue the question of this annulment by Defense Attorney [redacted] were objected to by the Government and the objections were sustained. Bureau files regarding [redacted] do not reflect that any investigation was made by the Bureau concerning the annulment of [redacted] first marriage.

[redacted] was under contract with the Federal Communications Commission for ninety days, effective March 18, 1954, to locate witnesses who could testify concerning the subversive activities of Edward Oliver Lamb, Ohio newspaper and radio station owner whose application for a television license was the subject of investigation by the Federal Communications Commission. MATTHEW CVETIC

With regard to this individual, it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that this individual was so classified because the attorneys who have handled him report that while he gives credible testimony, he tends to exaggerate the facts. They recommend that his testimony be limited to information corroborated by reports he made while a Bureau informant. The Department indicated that its Internal Security Division is presently making a separate evaluation of Cvetic which will be the subject of a separate memorandum.

Cvetic was a paid confidential informant of the Bureau from February, 1943, until January, 1950, and was discontinued as an informant due to indiscretions on his part and the fact that he had disclosed his confidential relationship with the Bureau to unauthorized persons. He had been moody and subject to alternating periods of enthusiasm, self-pity and depression. He had received psychiatric treatments in 1933, for a "fixed anxiety neurosis" based upon a mistaken belief that he was suffering from a heart disease.

He had been arrested in 1939 on a charge of committing assault and battery upon his sister-in-law in an argument about a sum of money he owed her. The charges were dismissed when Cvetic promised to repay the money. Subsequent to his discontinuance as an informant, numerous reports were received that Cvetic was drinking heavily. In his appearances before Congressional Committees and civic and religious groups, he tended to exaggerate.

On February 17, 1955, Cvetic was admitted to the Psychiatric Division of St. Francis Hospital, Pittsburgh, after drinking very heavily for a period of days. He was discharged on March 5, 1955, and was readmitted on March 19, 1955. The Civil Rights Congress and Western Pennsylvania Committee for the Protection of Foreign Born have obtained a copy of Cvetic's hospital record and have prepared a press release, quoting the hospital report and calling for the immediate reopening of all cases in which Cvetic has testified, including the Pittsburgh Smith Act trial.

The derogatory information concerning Cvetic was brought to the Department's attention as follows:

1. Bulet to former Assistant Attorney General McInerney dated 12-27-50 captioned "Internal Security Act of 1950."
2. Bulet to former Deputy Attorney General Ford dated 7-30-51 captioned "Compros-Pittsburgh."

[redacted] has been a confidential source of information for the Bureau in furnishing information on Communist activities since [redacted]

With regard to this individual it is noted that she has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of her frequent testifying or because information reflecting upon her reliability has been received.

The Department indicated that this individual was so classified inasmuch as she recently advised that she does not wish to testify for the Government in the future because she feels that ex-Communists who appear as witnesses are becoming increasingly unpopular and extreme liberal views are in the ascendancy. While professing a keen interest in a vigorous fight against Communism she is extremely reluctant to "waste her time" testifying for the Government in the face of what she considers an adverse political climate. According to the Department this witness has testified before the Subversive Activities Control Board in the case against the Jefferson School of Social Science and has been consulted in the past regarding other front cases. The Department is now making efforts to get her voluntary testimony in the Civil Rights Congress case.

A review of the Bureau's file reflects that [redacted]

[redacted]

With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that this individual was so classified because following his testimony before the Subversive Activities Control Board in the case concerning the National Council of American-Soviet Friendship, Inc., on May 23, 1954, [redacted] was named defendant in a libel action by a person he had identified as a Communist. The Department further indicated that [redacted] while being interviewed concerning another case, had become involved in a misunderstanding with a Departmental attorney which may preclude [redacted] use as a witness by that attorney. The Department continued that the attorney who handled [redacted] in the case regarding the National Council of American-Soviet Friendship, Inc., considers him reliable and plans to call him as a witness in a future case. b7D

A former member of the Communist Party has advised that [redacted]

[redacted] was in attendance at Communist Party meetings. In the [redacted] was very active in Communist Party activities in [redacted] area. In [redacted]

[redacted] stated that he had been advocating a closer relationship with Russia since 1928. [redacted] was also active in the Communist Political Association in [redacted] and was in frequent contact with functionaries of the Communist Political Association. He discontinued his Communist Party membership in [redacted] and was formally expelled from the Communist Party in [redacted] since which time he has been engaged in numerous anti-Communist activities including testimony before the Washington State Un-American Activities Committee. He has never been a

paid informant of the Bureau although he has been very cooperative and since his defection from the Communist Party he has furnished considerable information concerning Communist activities in the State of Washington.

Following his testimony in the above-mentioned case he advised our Seattle Office on June 8, 1954, that a libel action had been filed against him by [redacted]

[redacted] inasmuch as [redacted] had testified that [redacted] was a "secret" Communist in the past. The Bureau, of course, could afford him no assistance in this matter.

Our Seattle Office has advised that the presiding Judge in the libel action brought by [redacted] outlined [redacted] case as follows.

(1) The privilege provided by the Internal Security Act of 1950 was available to [redacted] the defendant, only on the subpoena. That was May 28, 1954. [redacted] appeared voluntarily and waived a further subpoena and testified on May 25, 1954.

(3) The marital community of [redacted] are liable in civil damages.

(4) The statement made by [redacted] was slander per se.

The Judge ruled with respect to points one, three and four above that he agreed with the plaintiff [redacted]. He disagreed on point two advising that the statement was pertinent to the question in issue. At the present time it is a matter for [redacted] the plaintiff, to note [redacted]. As yet this has not been done.

BENJAMIN GITLOW

With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department made the following comments concerning Gitlow:

Gitlow, Benjamin. This witness, who has testified frequently for the Immigration and Naturalization Service, has appeared before the Board only in the CPUSA case (4/23 - 26, 30/51; 5/1, 7 - 10, 14 - 17/51). Inasmuch as he was expelled from the Party before the existing Communist front organizations were formed, his future use as a witness before the Board is not contemplated.

Gitlow has never been an FBI informant. He was a top Communist leader from 1919 to 1929 when he was expelled from the Party. Gitlow was a Government witness during the Communist Party hearing before the Subversive Activities Control Board in 1951.

He was arrested in 1919 and later convicted under the New York State Criminal Syndicalist Law. After serving approximately three years in prison he was pardoned by the Governor of New York State. Although American born, Gitlow traveled to Moscow in 1927, 1928 and 1929 using a Canadian passport. (The Department has been apprised of the above information.) The Department has indicated that [redacted] was classified as set forth above because he has testified before the Subversive Activities Control Board in the cases against the Communist Party, USA, and the National Council of American-Soviet Friendship. [redacted] was consulted by Division attorneys regarding the National Lawyers Guild. Although they and others have reported that [redacted] demonstrates a tendency to state legal conclusions not supported by facts, it is believed that, if carefully handled to limit him to factual testimony within his personal knowledge, he makes a good witness. However, since the evidence he can provide concerning Communist Party activities is necessarily limited to the period prior to his expulsion from the Communist Party [redacted] it is not likely that he will be needed as a witness in any future Communist front cases. With regard to this individual it is noted that she has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of her frequent testifying or because information reflecting upon her reliability has been received. The Department stated concerning [redacted]

[redacted] This witness has testified before the Board in the Jefferson School of Social Science case (12/1 - 2/53). Since then she has been consulted by Division attorneys concerning other front cases and the recent case of United States v. Weinstock. The consensus of opinion of the attorneys who have interviewed her is that she has become an unstable, neurotic individual whose testimony would have to be limited to facts susceptible to complete corroboration. In the latter part of 1947 she contacted our New York Office and said she intended to join the Communist Party and wished to furnish the FBI with whatever information she could develop. The reasons given for her desire to join the Communist Party were that she had grown to realize the menace of Communism and [redacted]
[redacted]

After attending a few public meetings sponsored by Communist groups she voluntarily joined the Communist Party in [] and thereafter furnished very valuable information to the FBI regarding individuals and organizations. The Department contemplated using [] as a witness in the 1949 trial of Communist Party leaders in New York City but the prosecution rested before she took the stand. This was a great disappointment to her and in [], she advised the New York Office that she was going to "break off" from the Communist movement. During the period [] she received an over-all total of \$914.10 for services and expenses. [] was a prolific report writer and devoted a tremendous amount of her time to Communist activities. Since the 1949 trial she has been interviewed on numerous occasions by Department attorneys and finally testified for the Government at the Jefferson School of Social Science hearing before the Subversive Activities Control Board in December, 1953. [] is erratic and extremely temperamental. She had a tantrum when Department attorneys refused to let her examine her informant reports prior to testifying and, at the last minute, threatened not to appear at the afore-mentioned hearing. She is particularly touchy with regard to the nature of the payments made to her, claiming she was not "a paid informant" and that all money advanced to her was expended in furtherance of her Communist activities.

Since testifying [] has been prone to exploit her relationship with the FBI and occasional inquiries have been received from outside correspondents asking for clarification of her status. In February, 1954, the Bureau confidentially was afforded an opportunity to review an anti-Communist manuscript prepared by []. The manuscript contained some inaccuracies and several allegations which it is doubtful she could substantiate. The deal fell through when she refused to revise the document.

With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that [redacted] was so classified because the Bureau had advised that it is no longer contacting him for information because he is now considered unreliable and untrustworthy. In addition, Division attorneys who have interviewed him regarding other cases consider him unstable; consequently, his future use before the Subversive Activities Control Board is not contemplated.

[redacted] appeared as a government witness before the Subversive Activities Control Board on May 20 and 21, 1955, in the proceeding against the National Committee of American-Soviet Friendship. He was also being strongly considered as a witness by the Department in connection with the proceeding against the Civil Rights Congress before that Board.

By memorandum dated November 2, 1954, captioned "Civil Rights Congress" the Department requested the Bureau's comments regarding the then present reliability of [redacted]

By memorandum sent on November 5, 1954, captioned "Civil Rights Congress," the Department was advised of the details of the afore-mentioned false accusations; the obvious insincerity and unreliability of [redacted] and the fact that no further contacts are being had with [redacted] by Bureau representatives.

[redacted] apparently has developed into a prolific letter writer and since November, 1954, he has directed several letters to the Attorney General and Departmental Attorneys regarding various Communist matters. His most recent letter, to the Bureau's knowledge, was directed to Mr. David S. Irone, of the Subversive Organizations Section of the Department, dated January 11, 1955, in which he alleges the Communist Party has a "pipe line" into the office of U. S. District Judge Philip L. Sullivan, who was hearing the Claude Mack Lightfoot case, basing his statement on the fact that [redacted] is "palmy valley" with Pearl Hart. It is to be noted that Hart is a Communist attorney in Chicago, who represented Lightfoot in the early stages of his case. A Photostat of the afore-mentioned letter was furnished the Bureau and by letter dated February 4, 1955, a Photostat of it was sent to the Chicago Office with the request that Chicago furnish the Bureau with its comments relative to the allegations, together with recommendations as to any action deemed advisable.

by letter dated February 21, 1955, the Chicago Office identified [redacted] who has been [redacted] that the indices of the Chicago office contained no derogatory information regarding [redacted] and that [redacted] may be slightly acquainted with Pearl Hart as a result of [redacted] and the fact that they are both members of the Chicago Bar Association. Chicago also pointed out that in view of the past false allegations made by [redacted] coupled with his background, further inquiry or action in this matter was not deemed warranted.

b6
b7C
b7D

It was not believed necessary to advise the Department inasmuch as the information received from Chicago was of a negative type; the Department had not requested the Bureau to do anything about it and it appeared that [redacted] was again making false accusations.

It is to be noted the statement is contained in the afore-mentioned memorandum from Assistant Attorney General Troschins to the Attorney General dated March 11, 1955, that the Division attorneys who have interviewed [redacted] consider him probable. There is no indication in the Bureau's file on [redacted] that such information has ever been furnished the Bureau by the Department.

This individual has been classified by the Department as a witness who was never a member of the Communist Party and concerning whom no derogatory information has been received reflecting upon his reliability. This witness was never an informant of the Bureau. The Departmental memorandum contained no information concerning [REDACTED] other than his having never been a member of the Communist Party. Bureau files reflect the following information:

He was the subject of a loyalty investigation in [REDACTED]. The basis for the investigation was predicated upon an anonymous letter dated October 22, 1947, advising that [REDACTED] had recently married a Communist by the name of [REDACTED] according to the letter, was considered very dangerous and Logofet was allegedly completely under her control. With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because of information reflecting upon his reliability has been received. The Department indicated this individual was so classified inasmuch as the Departmental attorneys handling the cases on the National Council of American-Soviet Friendship, American Committee for Protection of Foreign Born and National Lawyers Guild while not questioning Malkin's reliability report that he tends to state logical conclusions and to draw generalizations from facts. The Department advised it was recently reported that [redacted] had stated over one year ago that he had detected this fault in [redacted] and had cautioned him to exercise restraint on the witness stand. On February 15, 1955, [redacted] confirmed that he had made this statement but added that he had observed [redacted] testifying on other occasions since that time and that in his opinion [redacted] now is thoroughly reliable. According to the Department it is believed that if this witness is carefully handled to limit his testimony to facts within his personal knowledge he will make a good witness.

In addition to the above the files of the Bureau reflect the following which reflects on the credibility of [redacted] as a witness.

[redacted] has not been used as a regular informant of this Bureau; however, he has been contacted for information in his possession regarding Communist activities. On various occasions, as a prerequisite for his furnishing information, he has made demands for money [redacted]

With regard to this individual it is noted that he has been classified by the Department as a witness who was a member of the Communist Party and who was discussed individually because of his frequent testifying or because information reflecting upon his reliability has been received. The Department indicated that this individual was so classified because Matusow has testified before the Subversive Activities Control Board in the cases against the Communist Party as well as three Communist front organizations during the period March, 1952 through June, 1954. The Department pointed out that a separate memorandum appraising Matusow's testimony in these cases before the Subversive Activities Control Board is being prepared. Further, it could be stated at this time that it is not considered necessary to reopen any of these cases because of Matusow's recent defection.

For your information Matusow is now classified as an individual of known unreliability. The Department and other appropriate Government agencies have been advised in connection with each Bureau communication in which Matusow was formerly described as of known reliability.
